2. ITI Section Japan について

1999 年、アジアで初めてとなるセクションとして創設されました。添島義和先生、船越栄次先生、そして 2018 年から勝山英明先生がセクションチェアマンを務められております。2020 年 11 月現在、国内には 1,300 名を超えるメンバーが所属、そのうち 73 名がフェローとして ITI スイス本部より認定を受けて活躍をされています。

また、国内には 41 の ITI Study Club が設置され、それぞれ年に 3~4 回のミーティングを開催して います。2017 年から全国を 6 ブロックに分け、支部を設置し、2019 年から年に 1 回、支部会を開 催することといたしました。尚、ITI Congress Japan が開催される年は、Congress に集約するも のとし支部会の開催はございません。

2017 年から ITI 日本支部公認インプラントスペシャリストを発足し、2019 年 11 月現在 318 名が スペシャリストとして認定されました。

Personal Data

Personal Data Personal data means any information relating to an identified or identifiable natural person (data subject). An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

Diagnostic and Clinical Data Diagnostic and clinical data include any genetic or biometric data or data concerning health. Genetic data means personal data relating to the inherited or acquired genetic characteristics of a natural person which give unique information about the physiology or the health of that natural person and which result, in particular, from an analysis of a biological sample from the natural person, which allow or confirm the unique identification of that natural person, such as (facial) images, voice recordings or fingerprints. Data concerning health means personal data related to the physical or mental health of a natural person, such as (facial) images, which reveal information about his or her health status.

Processin

Processing Processing is any operation or set of operations which is performed on personal data or on sets of personal data, whether or not by automated means, such as collection, recording, organization, structuring, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.

Restriction of Processing Restriction of processing is the marking of stored personal data with the aim of limiting their processing in the future.

onymization

Pseudonymization means the processing of personal data in such a manner that the personal data can no longer be attributed to a specific data subject without the use of additional information, provided that such additional information, provided that such additional information, provided that such additional information is kept separately and is subject to technical and organizational measures to ensure that the personal data are not attributed to an identified or identifiable natural person.

Controller Controller or controller responsible for the processing is the natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data.

Processor Processor is a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller.

Third Party Third party is a natural or legal person, public authority, agency or body other than the data subject, controller, processor and persons who, under the direct authority of the controller or processor, are authorized to process personal data.

Consent

Consent of the data subject is any freely given, specific, informed and unambiguous indication of the data subject's wishes by which he or she, by a statement or by a clear affirmative action, signifies agreement to the processing of personal data relating to him or her.

Personal data breach means a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, personal data transmitted, stored or otherwise processed.

Supervisory Authority Supervisory authority means an independent public authority which is established by a Member State pursuant to Article 51 GDPR. In Switzerland this is the Federal Data Protection and Information Commissioner (FDPIC). The FDPIC supervises federal and private bodies, advises and comments on the legal provisions on data protection and assists federal and cantonal authorities in the field of data protection. The FDPIC informs the public about his findings and recommendations, and maintains and publishes the register for data files.

Changes to Privacy Policy We may need to change this Privacy Policy from time to time.
